The Righteous Jesse Helms Mask
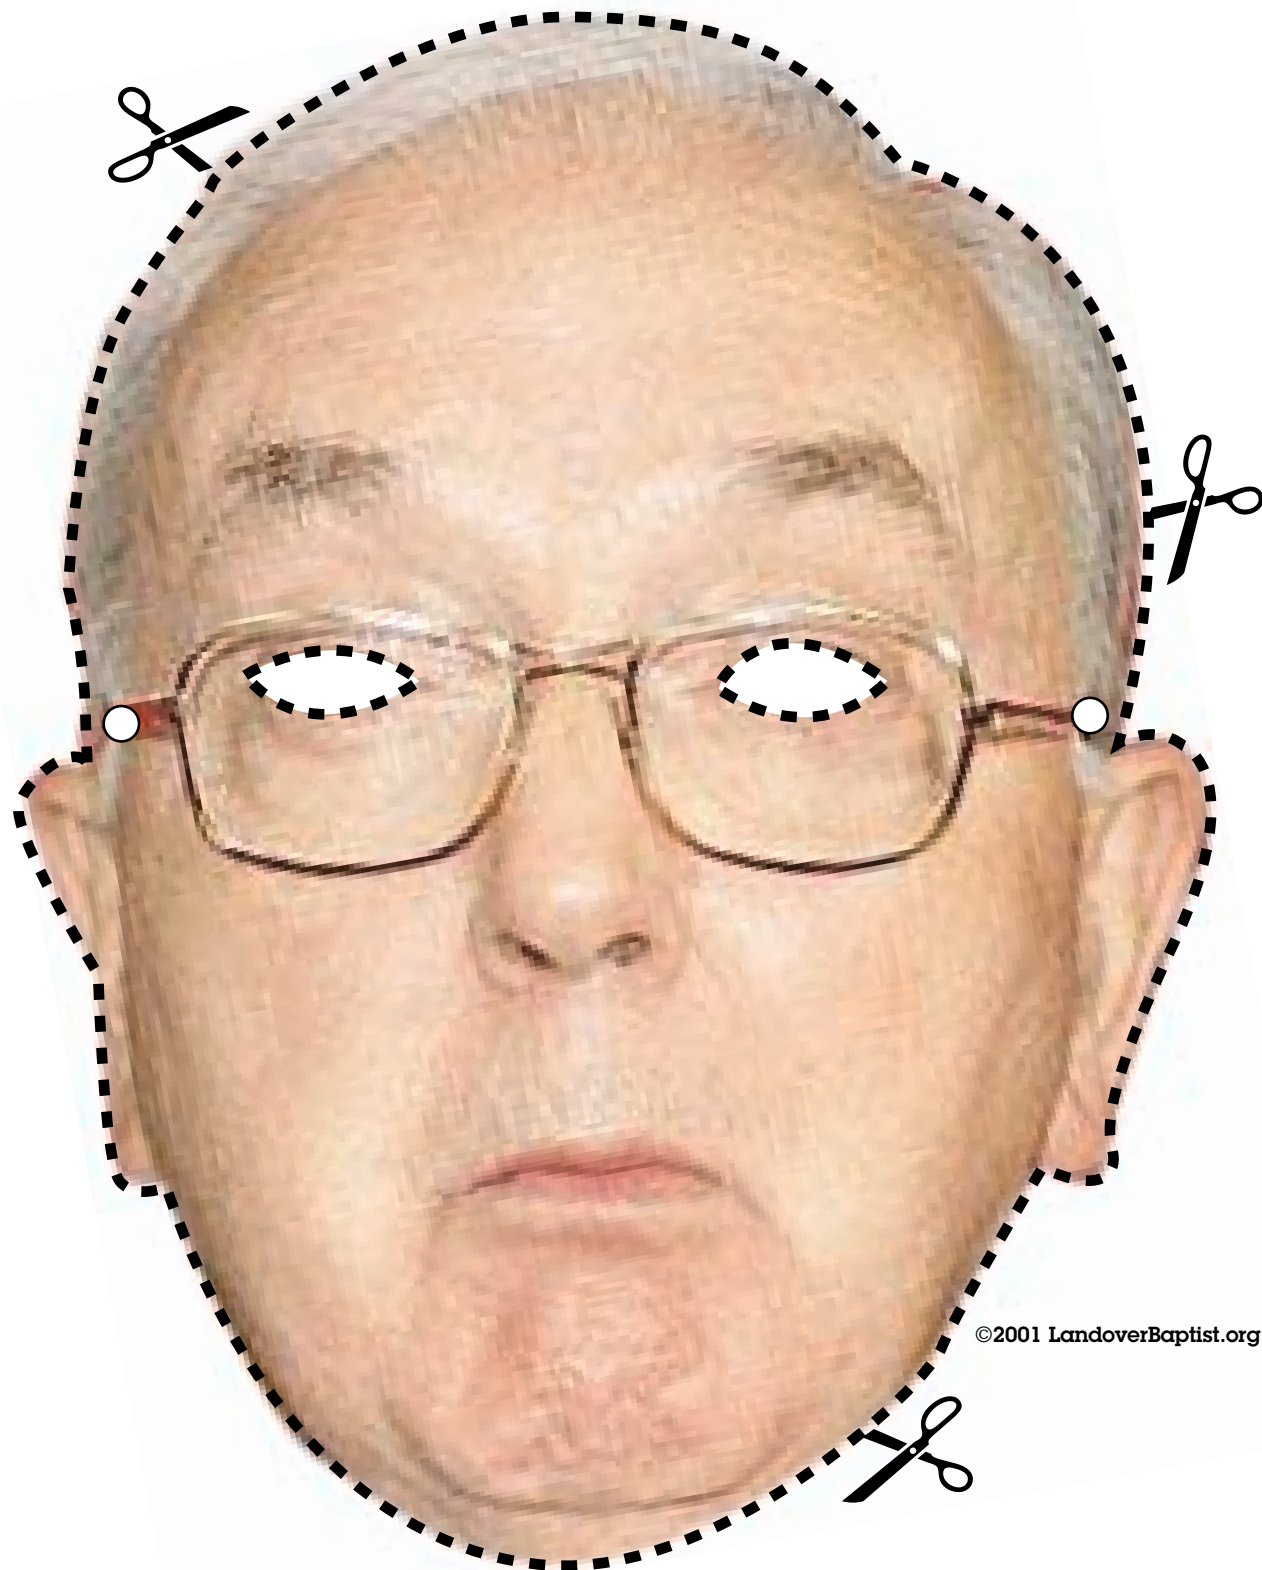

Jesse Helms epitomizes the meaning of the conservative code word "Real American." This Godly man protected our nation from negroes, Catholics, gays, feminists, liberals and other enemies of America for decades! Wear this mask and scare the liberals to death!

Mount on stiff board. Then, using scissors or a lynching rope, trim along the dotted lines, poke out the two holes on either side, run string through them, and wear! Wear a suit with this mask–better yet, forget the mask and wear a white sheet with a pointy hat.
